President Edmiston,

I would like to first thank you for your military service to our great nation. Second, I would like to thank you for your service to the community I have called home since the day I was born. The civilian employees of the Las Vegas Metropolitan Police Department are integral to the police work that take place every day. A friend of mine and dispatcher, Jennifer Pinjuv, told me to contact you when I told her of my desires to thank the dispatchers for their great work.

I am an estate planning attorney in Las Vegas and I have been wondering how I could help the first responders in the wake of the October 1, 2017 shooting at the Route 91 Festival. I had many friends, including a brother in law, who responded and entered the makeshift warzone. The least I could offer is some peace of mind. I would like to speak with you to offer all civilian employees the free drafting and execution of their last will and testaments for them and their spouse, if they are married. It is just a token of thanks for those that serve and protect us daily.

I know you are busy, but if you have time I'd love to speak with you regarding this offer of gratitude. I have attached a card with my information, please contact me so we can discuss. I hope to hear from you soon.

GOLD SPIKE LEGAL

Sincerely,

J. Taylor Oblad, Esq.
